Sylvester Di Diego is Managing Partner of Strategy Dynamix, LLC - a strategy, innovation and implementation consulting practice. He guides executives to design, grow, finance and reinvent businesses through a combination of executive coaching, executive leadership training, group facilitation, assessment and management consulting services. Sylvester has been active for over 25 years in business creation, global management, finance, organizational development and corporate transformation throughout the Americas and Asia for science, technology, manufacturing, distribution, and service based businesses of various sizes.

Prior to founding Strategy Dynamix, LLC in 2001, Sylvester held leadership roles at Scient Corporation (2000-2001) - a strategy, technology and customer experience consultancy and accelerator that pioneered eBusiness. He was based in New York, New Jersey and Tokyo as Engagement Manager and Strategist in the Enterprise Group and as thought leader on Collaborative Online Networks, eMarketplaces, eSupply Chain and eProcurement.

At Mitsubishi Corporation (1982-2000) - a global \$100+ Billion trading, investment and consulting company, he was based in New York, North Carolina and Japan (Tokyo and Osaka). Sylvester was Assistant to the Chairman, served the Corporate Investment Committees in Tokyo and New York and was in an advisory role to subsidiary Presidents of 500+ global companies in various sectors. He also led Corporate Venturing in the Americas. Earlier in his career Sylvester served in trading, general management and operations management roles with P/L responsibilities in the global Semiconductor and IT Systems industries. He also served on the Corporate Pension Board, the 401K Committee and was a founding committee member of the Mitsubishi International Corporation Foundation. Sylvester was designated by the Tokyo Board as one of the first of Mitsubishi Corporation's "International Staff". He represented Mitsubishi Corporation and is an alumni of Leadership New York III and of the Mitsubishi Bank Forum (Emerging Global Leaders) in Tokyo.

Sylvester is proficient in Japanese and has been stationed in Japan for a total of 5 years - covering three assignments. Sylvester has a BA from Harvard College and was awarded a Harvard University-Michael Clarke Rockefeller Graduate Fellowship to Japan.
